

FACTA welcomes Durey Castings as a new member

The Fabricated Access Covers Trade Association (FACTA) is delighted to welcome Durey Castings, as the latest member of the Association. FACTA is the leading industry body at the forefront of the fabricated access cover industry.

Durey Castings, was established in 1975 as a specialist manufacturer, stockist and distributor of all types of manhole covers & frames, gully grates and duct covers in grey cast iron, ductile cast iron and galvanised steel. The company also supplies specialist products in stainless steel, aluminium and composite material to customer's specific requirements. Their professional approach, over many years, has seen them grow to be the largest supplier in the South of England, operating from depots at Dartford and Hailsham. FACTA Chairman Peter Jennings, of ACO Building Drainage, explained, "There are many benefits to becoming a member. As well as providing the opportunity to network and learn first hand about industry related trends., it also allows you to play a part in changing standards and regulations that directly affect our industry".
